

# CORPORATE OVERVIEW

VERSION - MAY 2025

## Engage with the Emerging | Transform at the Intersect

Coforge is a global digital services and solutions provider, that leverages emerging technologies and deep domain expertise to deliver real-world business impact for its clients. A focus on select industries, a deep domain understanding of the underlying processes of those industries and partnerships with leading technology platforms, enables Coforge to be a trusted partner of its clients in their transformation initiatives. Coforge leads with its Product Engineering approach and leverages AI, Cloud, Data, Integration and Automation technologies to transform businesses into intelligent, high growth enterprises. Coforge has 30 global delivery centers and is present in 24 countries.

We are somewhat **atypical in our approach** to solving business problems. We are **specialists**, not just engineers and technologists, who spend an inordinate amount of time understanding the targeted functional spaces that we focus on.

**Sudhir Singh,**  
CEO, Coforge
