Many organizations still struggle with manual processes to support data security, integrity and workflow which has a huge impact on customer service levels.

Hear how Starbucks leveraged the Pega Platform to transform their data handling and reduce data processing time by more than 75%. You will learn about their experiences of setting up a Digital Process Automation CoE and how they partnered with Pega and Coforge to drive business value across the organization.
Coforge is a leading global IT solutions and services organization which believes that real transformation cannot be driven by thinking in technology terms alone. With a mission to “Transform at the Intersect” it aims to bring both deep domain and deep emerging technologies expertise to achieve real-world business impact. A focus on very select industries, a detailed understanding of the underlying processes of those industries and partnerships with leading platforms provides us a distinct vantage. We leverage AI, Cloud and Insight driven technologies, allied with our industry expertise, to transform client businesses into intelligent, high growth enterprises.
